

Secure Key Cabinet

for protection of keys

Losing your keys can create a number of unnecessary problems. With the Secure Key Cabinet you will no longer have to deal with the problem of missing keys.

This durable and attractive cabinet keeps your keys safe and protected. Available in three sizes, the cabinet is an ideal purchase for the home or any business environment.

Models

The Secure Key Cabinet is available in three sizes, with storage capacity for 20, 48 or 93 keys.

Construction

All the cabinets are made of 1.0 mm steel and have a durable hinge.

Locking

To prevent unauthorised access each key cabinet is equipped with a cylinder lock and supplied with two keys.

Additional features

All models include a wall fixing as well as a labelling and key tag kit.

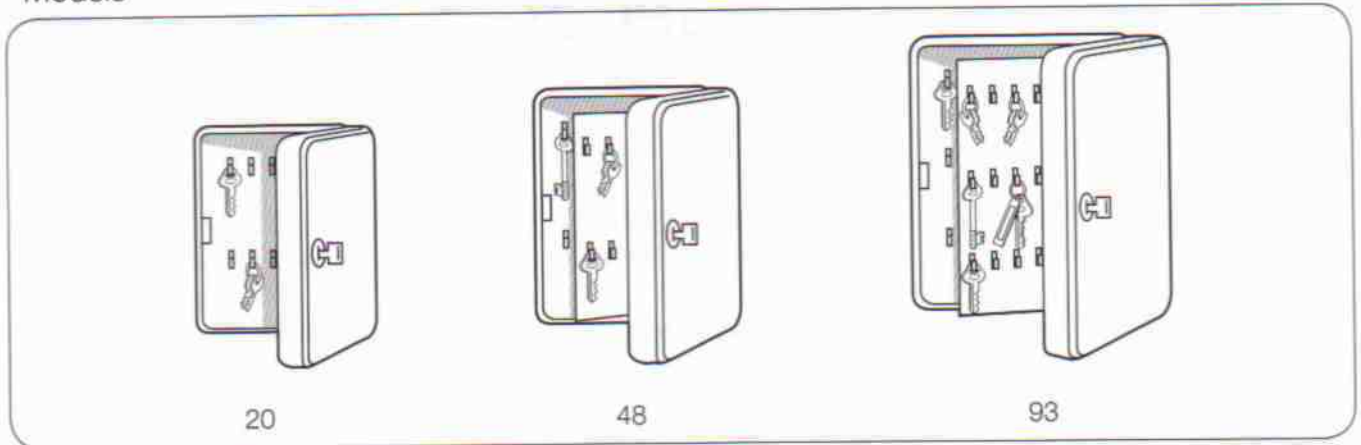

Design

The units will complement your environment in terms of colour, design and size. They have a sophisticated modern look, being supplied in a durable light grey powder coated finish.
